

INTRODUCING
THE BEST LOOKING

DESIGNER GARDEN SHED

SOLD ALL OVER EUROPE | NOW AVAILABLE IN AUSTRALIA

The Urban Shed is the storage cabinet for contemporary living in Australia's big cities.

More of an outdoor cupboard than a shed, its great looks, solid construction, practical features and designer colours mean that you don't have to put up with the garden sheds of the 1950s, still available at your local hardware store!

BIG ON STORAGE SPACE & VERSATILITY

Consider these installation applications:

- in the backyard of your home, especially when it will be in sight of your entertaining zones
- in small townhouse/ courtyard gardens where space is at a premium
- on patios, decks, balconies and terraces
- at the end of your basement car space in your apartment building
- near the swimming pool
- wherever you have a need for outdoor or indoor storage that is not unsightly!
